

**Task 1:**

You will be traveling to Calgary for a family get-together on Nov 3 and need to book a hotel for this night. Find a three-star hotel with the cheapest rate for that night.

What is the hotel's name?

**Task 2:**

You want to travel to Honolulu, Hawaii for Christmas break. Find a hotel that is has at least a three-star rating and is available Dec 19 through Dec 26, checking out on Dec 27. The hotel must also have an indoor pool.

What is the hotel's name?

### **Task 3:**

You are traveling to Edinburgh, Scotland from June 16 to 20 with your partner and two children and want to find a hotel that is in walking distance to Edinburgh Castle. Your readings about the city tell you that the castle is located in the downtown core of Edinburgh.

Find the hotel with the highest user rating that is available during the time period and is in walking distance from the castle.

What is the hotel's name and its price per night?

**Task 4:**

You need to book a flight from Vancouver to Calgary for this weekend, flying out on Friday night and returning Monday morning. You can leave as early as 5pm on Friday and need to be back in Vancouver by 11am on Monday.

What airline offers the cheapest price and what time would your flights leave?
